Behaviour For Learning Policy

RATIONALE

The Oxford School is committed to establish a positive ethos which is conducive to learning and in which the individual pupil is respected. Reflecting this ethos, this policy sets out guidelines that support all students within a caring framework and lead them to a position of self-discipline and personal responsibility. It also provides a whole-school approach, widely disseminated to and readily understood by staff, students and parents, has clear stepped procedures for dealing with breaches of discipline, and is consistently and fairly applied.

Our standards of behaviour are underpinned by the school core values which are: **Excellence** - The

highest expectations all day, every day.

Respect - Treat others as you would like to be treated. **Honesty** - Say what you mean, mean what you say.

Collaboration - Together we can succeed

Creativity - The big idea happens here.

We expect our students to behave appropriately at all times within school and the wider community. Staff aim to recognise, praise and reinforce positive traits of behaviour rather than focus on negatives or previous failings.

OBJECTIVES

- To promote positive behaviour and take self and public responsibility among students within the school community.
- To create an educational environment for the success and enhancement of the Learning Initiative based on the integration and continuity of education in facing crises and natural disasters.
- To create culture of reinforcement, encouragement and permanent care to the educational community to reduce behavioural offences outside the walls of the school with the best possible educational means.
- To provide a controlled reference that defines the rules, standards, and procedures to be invoked to deal with students' behaviour in a way that ensures compliance with school values and systems through changing and emerging conditions.

This policy aims to:

- Summarise the roles and responsibilities of different people in the school community with regard to behaviour management
- Provide a consistent approach to behaviour management
- Define what we consider to be unacceptable behaviour
- Outline how students are expected to behave
- Outline our system of rewards and sanctions

RIGHTS AND RESPONSIBILITIES

The Oxford school believes in supporting the whole-child development. This includes fostering caring and respectful relationships between students, staff and community members. In order to support these conditions, staff members teach and reinforce clear expectations for student behavior. These expectations are the foundation for positive learning environments in our school where rights of all stakeholders are valued and respected.

All pupils have the right to

- ☐ Be treated with courtesy, respect, and dignity.
- ☐ Learn in a safe and healthy environment that is free of partiality, prejudice, bullying, harassment, and discrimination.
- ☐ Be treated with respect by all regardless of actual or perceived race, color, national origin, sex, age, religion, physical or mental disability.
- ☐ Participate in problem solving with school staff related to their behaviour.
- ☐ Inform and express personal viewpoints in a respectful and courteous manner.
- ☐ Attend school in an environment where personal property is respected. (Personal belongings may be searched when there is a reasonable suspicion that will produce evidence that the particular student has violated or is violating either the law or the student conduct rules.)
- ☐ Receive instruction to learn school behavior expectations and social and emotional skills.
- ☐ Be informed of available interventions and supports for academic, behavior, social and emotional growth.
- ☐ Receive an electronic copy of the policy.

All the students have the responsibility for:

- ☐ Contribute to the school community as an active and productive learner.
- ☐ Attend all classes daily and on time.
- ☐ Wear the school uniform.
- ☐ Come to school prepared for learning.
- ☐ Express viewpoints in a respectful and courteous manner.
- ☐ Contribute to an atmosphere that is conducive to learning and free from bias and prejudice.
- ☐ Uphold the rights of and exhibit respect for all school personnel and fellow students.
- ☐ Adhere to school wide expectations.
- ☐ Champion school ethos and values
- ☐ Complete schoolwork with integrity and without cheating.

All students of determination are protected:

Students of determination are entitled to the rights and protections afforded to them by the UAE law and the school regulations. Behavioral interventions are to be used with students of determination to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The school senior leadership team has to establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for students of determination.

The school behaviour management committee shall liaise with the Inclusion department at the school if any of the students categorised under the SoD violates the code of conduct. The Inclusion team shall advise the committee in case the violation is caused because of the students' specific needs and then decision is made in light of the following"

1. If the violation is not because of the student's specific needs, the below levels shall apply similar to mainstream students.

2. If the violation is because of the specific need of the student, the following shall apply:
 - ✓ Develop and implement an IBP as per the level and type of the violation;
 - ✓ In case an IBP is existing, the school shall revise and modify that plan in accordance to managing the new behaviour that led to the violation.
3. If the behaviour continues, for those students who do the offences because of their specific needs, the school shall continue to support and integrate the child. If it has been agreed between the school and family that the former has no capacity to accommodate the needs of the child, the family will have to transfer the child to another school, or liaise with the educational regulatory authority to provide a differentiated educational setting that will be more suitable to the specific need/s.

Responsibilities of Staff:

Staff Responsibility:

- ❑ Behaviour Management is the responsibility of all staff at our school.
- ❑ Staff have an important role in developing a calm and safe environment for pupils and establishing clear boundaries of acceptable pupil behaviour.
- ❑ All staff should communicate the school expectations, routines, values and standards both explicitly through teaching behaviour and in every interaction with pupils.
- ❑ Staff should consider the impact of their own behaviour on the school culture and how they can uphold the school rules and expectations.

Role of the Senior Leadership Team:

- ❑ It is the responsibility of the Senior Leadership to implement the school behaviour policy consistently throughout the school and to ensure the health, safety and welfare of all students. The SLT supports all staff by implementing the policy, setting the standards of behaviour, and supporting staff in their implementation of the policy.
- ❑ The school leadership team should be highly visible, with leaders routinely engaging with pupils, parents and staff and maintaining the behaviour culture and an environment where everyone feels safe and supported.
- ❑ School leaders should make sure that all new staff are inducted clearly into the school's behaviour culture to ensure they understand its rules and routines and how best to support all pupils to participate in creating the culture of the school.
- ❑ School leaders should consider any appropriate training which is required for staff to meet their duties and functions within the behaviour policy.

The Role of the Class Teacher:

- ❑ It is the responsibility of class teachers to ensure that the school rules are understood and enforced in their classes.
- ❑ Teachers are expected to be good role models and treat all students with respect and understanding. Should a student display inappropriate behaviour the teacher will take advantage of a teachable moment to remind him/her of expectations and which behaviours they need to practice.
- ❑ A clear sanctions pathway is shared with all stakeholders and medium to high level behaviour is recorded on the internal Behaviour tracker system.

The Role of the Specialist Teachers and Support Staff:

- ❑ Specialists and Support staff should provide a positive model of behaviour and ensure high expectations are made explicit to students. They should inform class teachers of any inappropriate behaviour.

The Role of Parents and Carers:

Parents are encouraged to work collaboratively with the school to ensure that students have a full understanding of The Oxford School expectations regarding student behaviour both in and outside

of school. Parents should support disciplinary actions deemed appropriate by school leadership. To facilitate this, parents and primary and secondary students are required to sign a Home School Agreement on an annual basis which clearly outlines key requirements in relation to student behaviour, the use of mobile phones, our school uniform requirements and attendance and punctuality.

If they wish, parents have the right to appeal against school-based disciplinary action. To register an appeal, parents are requested to complete the Parents' Appeal – Letter of Consideration template (Appendix 1). Depending on the nature of the disciplinary action, parents may be invited to meet with either the School Principal, or with the LEAMS Education who may conduct an investigation.

BEHAVIOUR FOR LEARNING

Strategies to promote and support good behaviour in lessons

Positive classroom behaviour in young learners:

- a) Be clear
- b) Be consistent
- c) Be respectful
- d) Signal transitions

- e) Use call and response
- f) Keep them busy
- g) Highlight “good” behavior
- h) Pay attention to those who are trying

Certain principles and practices are pre-requisites of successful learning and good behaviour:

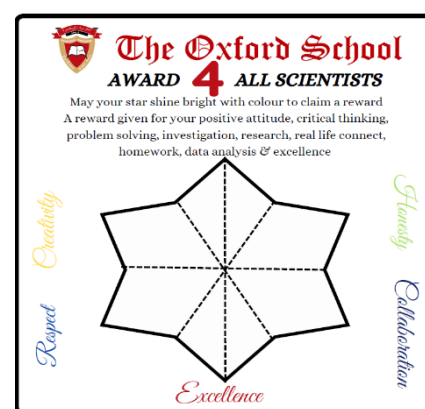

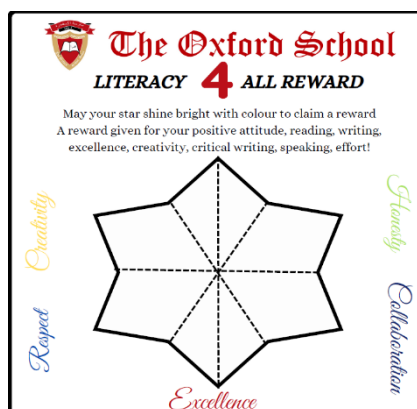

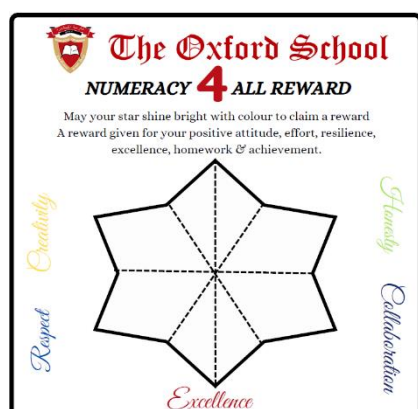

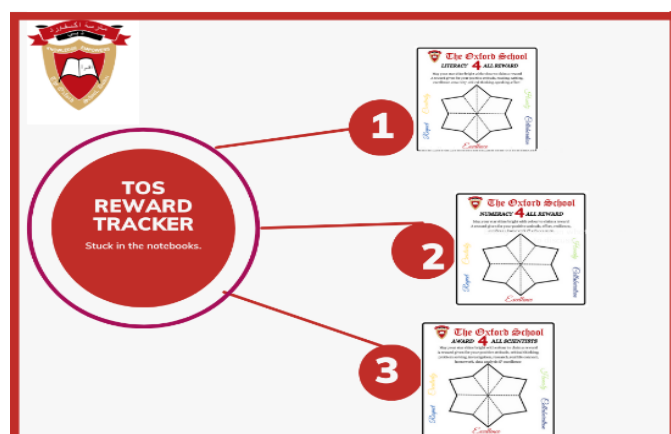

- ☐ well planned lessons that are suitably differentiated to take into account the age, ability and needs of the students and that plan for ‘positive opportunities’ to happen
- ☐ lessons that are purposeful and relevant, and provide challenge at an appropriate level of difficulty
- ☐ learning objectives and/or outcomes made clear to students
- ☐ routines of classroom practice that are familiar, agreed and understood, including a definite start to lessons, time to review and an orderly dismissal
- ☐ regular and frequent assessment and feedback

All classrooms and learning environments should display a ‘classroom rules’ poster which has been shared and understood by all.

“If you want your children to improve, let them overhear the nice things you say about them to others”. Dr.Haim Ginott, Teacher, Child Psychologist and Author

Reward System

We have classroom incentives in place that promote love for learning and meaningful engagement. Students are given a way to track their progress toward meeting the goals. This tracker is stuck on their notebooks and students earn their rewards by meeting the targets.

Despite good lessons, appropriate encouragement and support, some students will, for a variety of reasons, sometimes fail to meet acceptable standards of behaviour. Disruption cannot be tolerated since it denies other students their 'right to learn'.

Disruptive behaviour will be dealt with by the class teacher in the first instance and colleagues in phases/departments need to discuss how they will support each other. Consistency in the way disruption is dealt with is absolutely vital so that students know the boundaries within which they can work and learn.

It is expected that seating plans will be produced by class teachers for all classes, as appropriate. This gives responsibility to the teacher to decide who sits where in order to maximise learning and encourage positive behaviour.

If a student disrupts learning, one of the following sanctions may be appropriate:

- ✓ **Using positive language** to achieve the behaviour you want "Turn around please Kabir . . . thanks"
- ✓ "Looking this way and listening Aziza. . . thanks"
- ✓ **Choice** "You can choose to finish your work or you can choose lose 5 mins of your break time.
- ✓ "What do you want to do?" The teacher should praise the correct choice.
- ✓ **Move** to a different place in the classroom to help the child focus
- ✓ **Loss of play time / detention** – break time, lunch time, after-school

- ✓ Contact with parents **by email or telephone**
Please note that parents should receive notice of a proposed after school detention
- ✓ Referral to the Middle Leader (**Key Stage 1, 2, 3, 4 & 5; Head of Primary; Head of Secondary**) for further action
- ✓ **Meeting with parents** to agree and support from both sides

All serious incidents should be referred to the Senior Leadership Team. It is important that strategies reflect a graduated response

Disruption Free Learning

Disruption Free Learning specifically relates to student's conduct in lessons, on a lesson-by-lesson basis. Students are expected to be in class working hard and progressing in their learning if they are unable to do so they will be isolated from their peers for a period of one working day so that the learning of others is not disrupted.

At TOS we do not tolerate disruptions to learning or defiance, as these behaviours compromise the learning of other students. Students are expected to ensure they conduct themselves in a safe and cooperative manner that allows themselves and other students to be safe and able to learn. For students failing to adhere to the high expectations of disruption free learning, TOS has a withdrawal protocol which will accommodate students who disrupt learning. If disruption or defiance occurs, the following will take place by the teacher:

- ☐ 1st instance - Warning - the teacher will caution the student verbally, reiterate expectations and take a note of their name
- ☐ 2nd instance - Student name ticked and recorded. Parent informed.
- ☐ 3rd instance - Withdrawal Protocol is actioned - if a student continues to disrupt learning, the student will be removed by a member of SLT and taken to office and remain in isolation that day to complete the learning activities. Before the student can be dismissed at the end of the day, a restorative meeting will be held between the student and the referring teacher. Parent will be informed.

BEHAVIOUR IN AND AROUND THE SCHOOL

Students at The Oxford School are expected to demonstrate high standards of behaviour at all times. Appropriate action will be taken by the school against any student whose behaviour is unacceptable and undermines the good discipline or reputation of the school.

BULLYING

Bullying is defined as “the willful, conscious desire to hurt, threaten, upset or frighten someone”.

It is rarely a ‘one-off incident’ but a course of action that is sustained over a period of time.

The Oxford School takes a zero-tolerance approach to all forms of bullying. Any student(s) who victimise another student will be dealt with as per The Oxford School Anti-Bullying procedures.

Bullying could be:

- ☐ **verbal** (e.g. comments intended to upset the receiver or the receiver’s family)
- ☐ **physical** (e.g. pushing or hitting another student)
- ☐ **emotional** (e.g. excluding a student from a friendship group or not inviting someone to an outing/event)
- ☐ **racist** (e.g. comments about ethnicity)
- ☐ **cyber bullying** (e.g. inappropriate comments sent by text messaging, email or social networking sites such as Facebook).

The following sanctions will apply depending on the nature of the bullying incident:

- ☐ **Verbal warning** and contact with parents
- ☐ **Loss of play time/detention** – break time, after-school. *(Please note that parents should receive notice of proposed after school detention)*
- ☐ **Isolation or reflection time**
- ☐ **Restorative justice**
- ☐ **Temporary ban from attending school**

Clear guidelines on our zero-tolerance approach to bullying can be found in The Oxford School AntiBullying Policy.

OUTSIDE THE CLASSROOM

Students are expected to behave safely, and with courtesy and respect for others at all times, both in and around the school, and on their journey to and from school. These expectations are communicated to students clearly through assemblies, tutor group presentations, and by staff on duty. There is a high level of supervision at all times during the School Day to ensure that students are safe and secure. Behaviour expectations apply equally to students on educational visits and on residential trips.

PROHIBITED ITEMS

Bringing these items onto the school premises will result in immediate confiscation and will lead

to a sanction, depending on the nature of the item. Staff can seize any prohibited item found as a result of a search, and can confiscate anything which they consider harmful, disruptive to teaching and learning, or a danger to the safety of the TOS community. Confiscated items will be held at the school to be collected by the parent/caregiver; however, any illegal objects will be disposed of via the appropriate methods.

MOBILE PHONES

Students are not permitted to bring their phones to school (except for medical and special written request), if a student brings a phone to school without permission:

- the mobile phone will be confiscated and only returned directly to a parent
- repeat violations will be escalated and ultimately may result in a child being suspended from school

In the case of an emergency, students will be able to use school telephone facilities to contact home. Where parents need to contact their child, they should follow standard procedures and contact the School Reception.

SERIOUS BREACHES OF SCHOOL DISCIPLINE

Serious breaches (Level 4) of school discipline will not be tolerated, and serious incidents will be dealt with by the Senior Leadership Team in accordance with LEAMS Education discipline procedures.

In such cases, the student may be suspended from lessons and placed in isolation for reflection time or to work under staff supervision.

Alternatively, depending on the severity of the incident, he/she may be temporarily banned from attending school for a fixed time but not more than 5 days. KHDA must be notified of any serious incident and/or decision to suspend a student from school.

In all cases, parents will be invited into school to discuss their son/daughter's behaviour.

In the case of fixed term exclusions, a managed return will include an Individual Behaviour Plan signed by the student and his/her parents.

In severe cases where, despite support from the school, a student's behaviour does not change, the case will be dealt with by The Oxford School Disciplinary Committee and parents may be asked to remove their child from the school permanently. Alternatively, the school will seek KHDA approval and support to permanently expel the child.

DOCUMENTATION

For all actions and decisions that are taken at the school level in relation to an incident that has occurred, and any actions taken place as a consequence of this there are a set of guiding forms that are used (Appendix 1 & 2) to support the process that must be used to ensure consistency and transparency of the process used.

COMMUNICATION OF THE POLICY

TOS is committed to the continuous reinforcement of the Behaviour Policy to ensure that standards of behaviour are maintained, and student behaviour in lessons supports learning. The policy is reinforced through staff training, displays across the school, assemblies, the newsletter, our home-school agreement

and the school website.

Discretion

No behaviour policy can cover all eventualities. The Principal reserves the right to use discretion to ensure TOS students have the right to disruption free learning at all times and their teachers to disruption free teaching at all times.

OFFENSES & SANCTIONS

Behavior offenses are classified into four levels according to their degree, severity, and impact on the students, and on the educational environment and community in general. The procedures of such levels shall be carried out in accordance with the provisions, provided that each of them shall be documented in accordance with the approved regulations and forms and shall be dealt with in accordance with the educational values and systems.

Undertaking Forms

The school shall use the student Behaviour for Learning as the base for any decision made with a focus on fostering positive behaviour management. The aim is to enable students to develop on the cognitive, social, and personal fronts and become well-rounded characters in a safe supportive environment.

Hence, the school undertakes that all teaching and administration staff shall inform students about the school's behaviour management code of conduct/ policy and shall ensure that students are aware of the expectations of the policy. Students are expected to show respect and empathy to both their teachers and schoolmates, always. They also have to honour their learning and keep their school and its facilities clean and safe.

The school policy defines the roles and responsibilities of all relevant stakeholders, and it is expected that each party will adhere to them. Teaching and Administration staff are expected to adhere to the professional and ethical code of conduct and to well lead and plan the teaching and learning process and extracurricular activities.

For the aforementioned statements, the student and the parent/s (guardian/s) shall sign that they have received a copy of the school's code of conduct and shall adhere to its contents in terms of their roles and responsibilities.
